Dear Mr. Andrews:

I am pleased to inform you that your company has qualified for the "bronze" 2010 CAM Safety Achievement Award in the 100,000 to 299,999 work hour category. During 2009 your employees were able to work the full year without a recordable injury. This is truly noteworthy in the construction business. Several other companies were able to work the year injury free as well, however it was your low EMR that has earned you the bronze distinction.

It is apparent by these numbers that your company places a high regard for the safety and health of your employees. The reduction of injuries also contributes greatly to your bottom line through reduced costs of recovering from a loss, and reduced insurance premiums.

The Construction Association of Michigan congratulates you and wishes you a prosperous and safe 2010 Construction Season.

Sincerely,

Joseph M. Forgue CSP, ARM
